

## **FOR IMMEDIATE RELEASE**

### **Jose Medina joins SES as VP of Technical Support**

Houston, TX (June 1, 2004) – Seismic Equipment Solutions (SES) today announced that Jose Luis Medina has joined SES as Vice President of Technical Support. Mr. Medina has been in the Seismic industry for over 28 years. He began his career as an instrument operator/ observer in the southern part of Mexico, and after a year, was promoted to Field Service Engineer. In 1983, Medina joined Matrix Industries, a company dedicated to mainly selling and repairing Texas Instruments and Input/Output (I/O) equipment. Between 1987 and 1989, he instructed Acoustics and Seismology at the National Polytechnic Institute. In 1993, he started working for I/O as Field Service Engineer. During his eleven years with I/O, he was promoted to Senior Field Service Engineer, Customer Service Coordinator and lastly, Field Service Manager.

In the summer of 2004, Jose Luis became part of the SES group, offering strong technical support and service for our customers out in the field. Jose Luis is a graduate from the National Polytechnic Institute, Higher School of Electrical Engineering in Mexico.
